fun, **reward-based** dog training

ANDI BRADY CCPDT-KA, PMCT

Andi grew up living with and loving animals. However, when she adopted a dog with serious behavioral issues she began to study animal behavior. It began as a necessity but became a passion. Since then, Andi has studied with some of the leading trainers in the positive reinforcement training field.

Andi believes that training should be fun for both human and dog alike!

ERNIE TESTIMONIAL

“I just had to write to tell you that Ernie has been a total champion. He has been a great hiker and has amazed us with how obedient he’s been on the trails. If he gets ahead of us, I call him and he comes immediately. OR, even more surprisingly, I call SIT and then STAY, and he sits and waits patiently for us to catch up with him. At this stage of his training, I never thought we’d have such great voice control of him at that distance.

Thank you for helping us learn how to shape Ernie’s behavior so well. He is seriously becoming a good citizen, even at 9 months old.”
